Whereas, we have the legal opinion of two eminent counsellors of law that a newspaper cannot be published by a jeint stock company without every stockholder being personally liable for debts and libels, and that the only practicable way in which it can be established is to give the capital to some person or persons in whom we have confidence as a bona fide gift—and.

Whereas, R. French, in whose integrity and capacity we have the utmost confidence, has agreed to invest twenty thousand dollars in the enterprise, provided the Liquor Dealers in this State will raise by subscription eighty thousand dollars more, to be given to him, making, with his donation, a capital of one hundred thousand dollars, which is believed to be only sufficient to establish a paper equal to any other published on this continent—and.

Whereas, he has further agreed that, in the event of his death or his retirement from the paper from any cause whatever, the Liquor Dealers' Society of this city shall have the right to designate the party or parties twhem the paper and establishment connected therewith shall be transferred, for a price to be specified by appraisers properly appointed for the purpose—therefore, be it.

French, or by giving a check drawn to his order—therefore.

Resolved, That the Central Liquer Dealers' Convention be instructed to use their best endeavors te raise the said capital through their organization, and by the aid of the Ward and Election District Committees.

Whereas, the constitutionality of the Frenibitory Liquer law can be tested only by a violation of it—therefore, Resolved, That members of the Liquer Dealers' Society be requested to continue their business as heretofore until they are compelled to discontinue it by the decisions of the highest courts of the country.
